DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4, 7-10 and 15-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Boichot-Castagne et al. (US 4,401,872).

Boichot-Castagne et al. teaches a trip unit comprising:

a housing 12;

a rotary plunger 26 pivotally mounted (please see fig. 1) with respect to the housing;

the plunger 26 having a first and a second position;

portion 26 outside the housing 12; and

means latching and releasing the plunger, and means for biasing the plunger comprises a drive bar, a mechanism 28, a tripping unit (col. 2, line 50-55) and a spring.

Regarding claim 2, said trip bar is 63 (fig. 2).

Regarding claim 3, means biasing the trip bar is provided by spring 66.

Regarding the latch surface, please refer to fig. 2 of Boichot-Castagne et al.

Regarding claim 7, a member 50 engages said housing at a position offset from the first pivot, and a spring 84 is disposed between the second pivot and the member (please refer to fig.

Art Unit: 2832

3). Regarding claim 8, first and second springs 84 engage the first end and the second end (top and bottom in fig. 3) and the member.

Allowable Subject Matter

3. Claims 5 and 6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 11-14 are allowed.

“A trip actuator having a member engaging the second tab of the trip bar...” Claimed structure in combination with the claimed limitations of the base claim are neither disclosed nor suggested by the prior art.
